WALL SPEAKER PW-2401S

PRODUCT DESCREPTION

The Wall Speakers PW-2401S are wall-mount loudspeakers designed to provide clear, balanced audio for indoor environments. These speakers are typically installed on walls in places where floor-standing or bookshelf speakers aren't practical or desired — such as homes, offices, retail stores, classrooms, meeting rooms, cafes, and public areas.

PW-2401S

KEY FEATURES

- **Balanced Sound Output** Delivers clear audio across the mid and high-frequency range for music and speech.
- **Wall-Mountable Design** Engineered for installation on walls, saving floor space and helping distribute sound evenly.
- **Compact & Space-Efficient Build** Small, unobtrusive form factor that fits well into homes, offices, and commercial interiors.
- **Good Sensitivity** Efficiently converts input power into audible sound, effective even with moderate amplifier power.
